

JOB TITLE: Ecological Landscape Designer/Environmental Planner

LOCATION: Oakland, California

JOB SUMMARY:

Environmental consulting firm specializing in habitat assessment and restoration ecology in Oakland is seeking a landscape/ecological designer or similar with strong CAD, GIS, and field skills for part-time contract work. Must be able to prepare CAD graphics for assessment and mitigation plans, environmental reports, large-scale presentations, and construction drawings. Flexible schedule; potential for full time employment depending on candidate and work load. This position would be ideal for a landscape architect who is interested in expanding their skills in the environmental field, or a biologist with design/CAD training.

MINIMUM REQUIREMENTS:

- Bachelor's degree in landscape architecture, biology, geography or related fields, advanced degree preferred;
- One to three years consulting experience in a small business environment;
- Proficiency in AutoCAD, Microsoft Office Suite, GIS, and Adobe Creative Suite (Photoshop and Illustrator);
- Knowledge of California flora and fauna, knowledge of native wetland habitats preferred;
- Ability to work effectively both independently and as part of a team;
- Good interpersonal communication skills and organizational skills.

FIRM OVERVIEW:

Zentner Planning & Ecology is a professional consulting firm specializing in wetlands, endangered species and restoration ecology headquartered in Oakland, California. Our team of ecologists, biologists, wildlife experts and ecological designers work on a range of projects from habitat restoration and wetland mitigation to flood control and mine reclamation.

COMPENSATION:

Compensation will be based on experience.

HOW TO APPLY:

Send cover letter, resume, and work samples via e-mail (no larger than 10 MB) to:
